

What's Changed in the Design Since 2004?

- Murray Boulevard and Farmington Road intersection
 - No north bound right turn lane on Murray Boulevard
 - Adjustments to the turn lane lengths
 - Asphalt instead of concrete intersection
 - No medians
- Normandy Place restricted to right in/right out access
- 141st Avenue realigned with 142nd Avenue
- Hocken Avenue improvements reduced at TV Highway to avoid railroad impacts

Soundwalls are no longer a requirement of the project funding. The project will incorporate walls previously identified and as coordinated with individual property owners.
